

# Inspired by our passion

for innovation & our commitment to deliver affordable solutions, the Braille-Tac™ Division of Advance Corporation introduces -

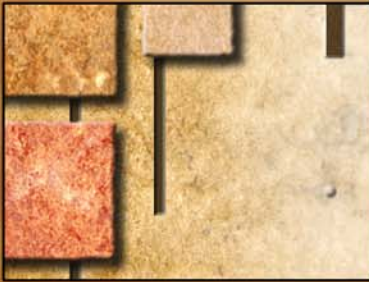

## REPLICA FINISH™

PATENT PENDING

A revolutionary decorative finish applied to a wide variety of materials & products. It offers a color-durable, color-quality finish that is long lasting.

We combined our precision engineering with the latest technology to best serve our clients.

- Capture unlimited design with our surface applied, baked-on finish
- Deliver continuous tones with photographic quality
- Furnish an electronic file or select from our standard backgrounds

- Choose a contrasting solid color for raised copy
- Braille remains the background finish

- Choose a substrate: Photopolymer, Magnesium, Zinc, Aluminum or Acrylic
- Interior & Exterior rated
- Max size 19" x 23"
